In most aspects of the beauty field there is a great deal of standing, walking, pushing, bending and stretching, sometimes for long periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill training demands.

STUDENT'S RIGHT TO CANCEL

The student or legal guardian has the right to cancel the enrollment agreement and obtain a refund of charges paid except a **\$100.00** non-refundable registration fee through attendance at the **first class session (first day of classes)**, or the **seventh day after enrollment (seven days from date when enrollment agreement was signed)**, whichever is **later**.

The notice of cancellation shall be in writing and submitted directly to the Registrar Office. A withdrawal may be initiated by the student's written notice or by the institution due to student's academics or conduct, including but not necessarily limited to, a student's lack of attendance. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered in person.

Determination of Withdrawal from School

A student may withdraw by written notice or by the institution due to student's academics or conduct, including but not necessarily limited to, a student's lack of attendance. The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the Registrar office of your intent to withdraw. Only the Registrar office would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week period (14 days) and fail to inform the school that you are not withdrawing (Unofficial withdrawal). The college monitors attendance at least once every two weeks.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA. If a student on an approved LOA notifies the college that he or she will not be returning, the date of withdrawal determination is the earlier of the scheduled date of return from LOA or the date the student notifies the college that the student will not return.

Refunds

A prorated refund will be provided for non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. A refund shall be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows:

- 1) The amount owed to the school equals the hourly charge for the program multiplied by the number of hours the student attended, or was scheduled to attend, prior to withdrawal.
- 2) All amounts paid by the student in excess of what is owed as calculated above shall be refunded.
- 3) All amounts a student has paid shall be subject to refund minus the non-refundable registration fee and any supplies and/or books the student has accepted and signed for.
- 4) If the school has collected money from a student for transmittal on the student's behalf to a third party for license fees, application or examination and the institution has not paid the money to the third party at the time of student's withdrawal/cancellation, the school will refund the money to the student within 45 calendar days of the student's withdrawal/cancellation.

Return of Title IV Funds

This formula determines the percentage of time (scheduled hours) that the student completed of the payment period or enrollment period in a course at the time of the student's withdrawal. This percentage is then applied to the amount of Federal Funds from the Title IV programs that the student received or could have received in the same payment period or enrollment period. The result of this calculation is defined as earned funds. If the student received more than the earned amount, the overpayment is called unearned funds and must be returned to the programs in the following order: 1. Pell Grant, 2. Other Recourse and 3. The student.

If the calculation shows that the student owes funds to the grant programs, the liability of the student is limited to the amount by which the original grant overpayment amount exceeds half of the total Title IV grant funds received by student. A student does not have to repay a grant overpayment of \$50 or less per program. These funds are due from the student within 45 days. If not paid in that time and if the student has not made arrangements with the Department to pay that amount, the student will be referred to NSLDS, a central system that will show the student ineligible for aid until the matter is taken care of by the student.

NOTE: If the institution was required by this calculation to return to the programs some of the funds it has collected as tuition payment, the student's tuition account would be adjusted accordingly. Therefore, if the tuition was paid in full, but if the institution returned funds to the programs, the tuition account will show that the student owes that amount returned by the institution to the programs. Those refunds will be paid to the program funds in accordance to the order listed above, limited to the amount of funds that came from each aid program within 45 calendar days from the determination of withdrawal from school date.

If the student has received federal student financial aid funds, the student may be entitled to a refund of monies not paid from federal student financial aid program funds.

Post Withdrawal Disbursement

If the calculation shows that the student received less aid than what the student earned within the payment period or enrollment period, and then the student would be notified by the institution of the amount of Grant funds used to cover institutional charges incurred by the student, or the available amount from Grant funds for direct disbursement to the student for other educational related expenses. If loan funds are involved in this calculation, the institution will notify the student or parent of the loan amount it wishes to utilize to cover educational charges, the financial aid program where the funds are coming from and the student will be reminded of the responsibilities involved in receiving loan funds. The student or parent in the case of PLUS will be given 14 days to respond and accept or reject part or all of the loan funds available. The institution will honor late acceptances only at the institutional discretion.

Once this calculation is finalized, the institution will then perform a **second and different calculation** using the net funds retained (original tuition payments minus amounts refunded) to determine the amount of institutional charges earned by the institution during the payment or enrollment period. That calculation is known as the institutional refund policy calculation.

Hypothetical Refund Example

The following table outlines the refund due based on percentage of training completed, using **scheduled hours** (including absences), assuming you paid following:

Total Tuition	Registration fee	Supplies	STRF fee	Total Paid
\$12,000	\$125	\$1,250	\$0	\$13,375

Tuition Cost	Hours in Course	Hourly charge	Tuition Paid	Hours scheduled to attend	Tuition owed	Refund due
\$12,000	1000 Hours	\$ 12/ Hour	\$12,000	600 Hours	\$7,200 (600 Hr x \$12hr)	\$13,375 (total paid) - \$1,375 (supplies/fees) - \$7,200 (tuition owed) \$4,800 (Refund to student)

School Closure: If the school closes subsequent to a student’s enrollment and before instruction in the course has begun, the school shall at its option: 1. Provide a pro-rated refund of all money paid; or 2. Provide for completion of the course at schools in the neighborhood.

Student Tuition Recovery Fund (STRF):5, CCR§ 76215 (a) A qualifying institution shall include the following statement on both its enrollment agreement and school catalog: ‘The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.’

(b)It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the **Bureau for Private Postsecondary Education, 1747 North Market, Suite 225, Sacramento, CA 95834, (916) 431-6959 or (888) 370-7589**. To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

- 1)** The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
- 2)** You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
- 3)** You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
- 4)** The institution has been ordered to pay a refund by the Bureau but has failed to do so.
- 5)** The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
- 6)** You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
- 7)** You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION:

The transferability of credits you earn at Coastline Beauty College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in **Cosmetology, Barbering, Cosmetician, and/or Manicuring/Nail Care** is also at the complete discretion of the institution to which you may seek to transfer. If the certificate you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Coastline Beauty College to determine if your certificate will transfer.

Placement: This school does not guarantee employment. However, limited job placement assistance by providing referrals to graduates is available.

Satisfactory Academic Progress (SAP) Policy

Coastline Beauty College expects all students to maintain Satisfactory Academic Progress (SAP) as established by this institution. Any prospective student should read and consider the SAP policy before enrollment. The SAP policy is applied consistently to all students enrolled in a specific program. Successful graduates will be awarded an appropriate certificate upon completion of their program. This policy applies to students enrolled in any course at the institution, regardless of attendance status. The SAP policy is provided to applicants prior to enrollment.

The student must:

1. Maintain a cumulative academic average of "C" (70%) or better as a qualitative factor to determine academic performance using grades, and/or work projects completed, and/or comparable factors measurable against a norm.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract as a quantitative factor. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).
3. Complete the course within 150% of course length (maximum time frame) as defined in the enrollment agreement. Students who exceed 150% of course length are considered to NOT be making satisfactory academic progress and will be terminated.
4. Students on an approved Leave of Absence will have their contract period and maximum time frame extended by the same number of days as the leave of absence.
5. Students who meet minimum requirements are considered making satisfactory academic progress until their next scheduled evaluation.
6. Only students who maintain satisfactory academic progress are eligible to receive Title IV assistance. Students will be notified of any evaluation that impacts their financial aid eligibility.
7. Students will have access to SAP evaluation results at the time of the evaluation and upon request.

Academic Years

The school follows the same format as Title IV regulations which define 1 academic year to be equivalent to 900 clock hours.

Evaluation Periods

SAP evaluation periods are based on scheduled hours to be completed at this school. Students' compliance with the Satisfactory Academic Progress is assessed as follows, including Academic Year (AY):

Barbering (1000 hours, 1.11 academic years): Scheduled to complete 450, 900, and 1000 hours

Cosmetology (1000 hours, 1.11 academic years): Scheduled to complete 450, 900, and 1000 hours

Cosmetician (600 hours, .67 academic years): Scheduled to complete 300 and 600 hours

Manicuring/Nail Care (400 hours, .45 academic years): Scheduled to complete 200 and 400 hours

Manicuring/Nail Care (600 hours, .67 academic years): Scheduled to complete 300 and 600 hours

Grading System

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. All copies of evaluation forms are issued to students upon completion of each increment of the course hours as explained above for students' review. This evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a minimum of "C" (70%) cumulative grade average or practical evaluation to maintain satisfactory academic progress status. The system detailed below is the system utilized in the school.

ACADEMIC GRADING	POINT GRADES FOR PRACTICAL WORK	
100%-90% = A	Excellent	(GPA 4) 4 POINTS=A
89%-80% = B	Good	(GPA 3) 3 POINTS=B
79%-70% = C	Satisfactory	(GPA 2) 2 POINTS=C
69%-60% = D	Unsatisfactory	(GPA 1) 1 POINTS=D
59%-00% = F	Fail	(GPA 0) 0 POINTS=F

Attendance Status

Full time: Any student scheduled to attend 24 hours or more per week.

Part-time: Any student scheduled to attend more than 12 hours but less than 24 hours per week.

Academic Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds. The student remains eligible to receive aid during the warning period.

Academic Probation

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress (SAP) until the next scheduled evaluation. Students who are not considered to be meeting minimum standards for SAP will first be put on warning status. The student remains eligible to receive aid during the warning period. Probation status will be used if the student's progress is evaluated and the student did not make satisfactory academic progress during the warning period. The student prevails upon appeal of a negative SAP determination prior to being placed on probation, and the school determines that SAP can be met by the next evaluation period, or if the school develops an academic plan for the student that will ensure the student meets SAP by a specific point within the maximum time frame. The student must provide a written appeal and demonstrate that they will be able to reach SAP by the end of the probationary period. Students remain eligible to receive aid during the probation period but will be considered to be on probation. Probationary students who fail to meet SAP by the conclusion of the probationary period will be deemed not to be making SAP, will lose any remaining eligibility for student financial aid, and may be terminated at the discretion of the institution. Students who lose financial aid must become cash paying. In the event such students are allowed to continue with instruction, aid eligibility will be reinstated only after the student has reestablished SAP in accordance with the attendance and grading standards. In the event a student is terminated due to not making SAP, all policies regarding the institution's refund policy will apply. Warning and probationary students who meet SAP by the conclusion of the warning/probationary period will be removed from warning/probation and will retain eligibility for the Title IV aid. Students will be notified of any evaluation that impacts the student's eligibility for financial aid.

Appeal Procedures

Students who wish to appeal the decision that they are not making Satisfactory Academic Progress (SAP) must submit a written request to the institution's administrator. The letter should be received within ten (10) days of college's determination and must describe any circumstances related to the student's academic standing, which the student believes to deserve special consideration, such as but not limited to, an injury or illness of the student, death in the family. The student can attach documentation regarding why the student failed to make SAP and what has changed in the student's situation that will allow the achievement of SAP at the next evaluation period, such as but not limited to doctor's note, death certificate etc. The administrator shall evaluate the appeal within a reasonable time frame (5-10 days) and notify the student in writing of the administrator's decision. Should the student's appeal be denied, he or she may appear before a school committee to present his or her case. The committee shall provide written notice to the student of its decision within a reasonable time frame (5-10 days). The decision of the committee shall be final. All the results of the appeal procedures, student's request and college's decisions will be documented and kept in the student's file.

Reinstatement of Financial Aid Eligibility

Title IV Federal Student Aid (FSA) recipients, who lose their eligibility for FSA due to unsatisfactory progress or from disciplinary actions, may have their FSA reinstated. Conditions for reinstatement include, but not limited to, the achievement of academic standing consistent with graduation requirements. The student may request reinstatement by writing a letter documenting the reasons he/she should be reinstated. The school will review such requests after academic advising with the student.

Leave of Absence: Occasionally, a Leave of Absence (LOA) may be granted for students who experience a severe medical or legal issue(s) which may make it difficult for them to attend class. All requests for leave of absence must be submitted in advance in writing, include the reason for the student's request, and include the student's signature. The LOA must be approved by a School Administrator. The LOA request form must be filled out and the date of leave and return must be stated on the form prior to approving the LOA. We require a student to apply in advance for an LOA unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to the school, the student would not have been able to request the LOA in advance. The institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident. A student granted a LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time. The institution may allow a student to take a Leave of Absence (LOA) from the program for maximum of 180 days in a 12 month period. Students on LOA's will not be assessed any additional charges of tuition. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will be returned to the academic progress status they held prior to the start of the leave of absence. In addition, students returning from a LOA will have his/her contract period and maximum time frame to complete the course extended by the same number of days as the leave of absence. Students who fail to return from a LOA will be considered dismissed as of the last class day of attendance prior to the start of the leave and the refund calculation will be performed and all refunds due will be issued to the student or appropriate agencies and will be paid within 30-45 days, depending on the financial source. The student's contract period and maximum time frame will also be extended by the same number of calendar days taken in the LOA. The changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.

Transfer Hours

Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Course Incompleteness

Course incompleteness, repetitions and non-credit remedial course are not applicable to this institution's form of instruction. Thus course incompleteness, repetition and non-credit remedial courses have no effect upon the college's SAP standards.

School Rules and Regulations

Certificate of completion

Upon satisfactory completion of the required course hours, and the student has maintained a satisfactory grade on all subjects covered, a Certificate will be given to the student. A Proof of Training Record will also be issued when all monies have been paid in full. This record will then become part of the application for examination for your State of California License.

Proof of Training will not be issued unless all monies have been paid in full.

Attendance, Tardy and Make-up Policies

- **Attendance:** Attendance must be maintained at an average of **67** percent of the scheduled attendance if the student is expected to complete the course of study within the 1.5 times of the period of time stated in the enrollment agreement.
- An absence may be excused by calling-in the same day prior to the beginning of class.
- **Tardy:** Frequent tardiness and/or absences are cause for disciplinary action such as probation or dismissal.
- **Make-up:** All lesson assignments which were missed during any period of absence must be made up. Make-up work will not be permitted during class hours. A record of make-up work is maintained for each student who is required to perform this type of work.
- Students with fourteen (14) consecutive days of absences, in any program of study, will be automatically withdrawn by the College.

Student Clock Hour Policy

The Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. You will be given up to seven (7) minutes to clock in and receive credit for the quarter (1/4) hour. This seven minute period applies to starting of the class day. A thirty (30) minute lunch break shall be taken when a student attends a 6 hour class day or more. If you are attending less than a 6 hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break. Once theory classes have been started no one will be allowed to enter the theory classroom. At the completion of the day, your time card is prepared from the current weekly time card. The daily hours and operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly time card. The time card must be signed by the student and the instructor daily. Instructors may not sign a student in or out and if a student does not clock in or out at lunch, 30 minutes for lunch will be deducted.

Time cards reflect the student's daily record of hours and operations. It is important that all of your hours and operations are recorded properly and accurately. The attendance personnel must be able to read your time card so that the hours and operations are transferred correctly to the roster. The time cards are the property of the school and must remain in the school at all times. Time cards must be maintained in their entirety for 6 years by the school. After clocking in you are required to maintain applied effort, personnel grooming, leaving the building, reading material not related to your training or activity not related to your training is not tolerated. If this occurs you will be asked to stop such activity or to punch out for the remainder of the day. Continued activities of this nature could result in your termination.

Time Card Credit

The following is a guideline for the instructor to issue credits.

1. Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the time card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portion of the time card concerning operations is to be applied efforts of the students as they manually perform practical subject.
4. Some practical operations may take longer to perform according to the student. Note the following time frame the Program gives for each operation: Shampoo/set = 1 1/2 hours, Scalp Treatment = 1/2 to 1 hour, Permanent Wave = 2 to 2 1/2 hours, Facial = 1 1/2 to 2 hours, Manicure = 1/2 hour, Hair cut = 1/2 to 1 hour. Using the above, the Board would understandably not consider a student capable of performing more than 3 permanent waves per day.

Student Conduct

As adults, it is expected that students will conduct themselves in a mature and professional manner, giving the proper respect and courtesy to his/her classmates, the clients, and the staff of the school. Disruptions of class will not be tolerated at any time. Any such conduct may result in termination from the training program in which he/she is enrolled, at the discretion of the school. A student dismissed for misconduct will be permitted to re-enroll and resume training only at the discretion of the school.

13. Students are not allowed to sell any type of merchandise to anyone on school premises.
14. A student may be suspended or terminated for unsatisfactory progress, misconduct, disrupting classes, or for infraction of the rules. In the event of a problem, a personal conference is held with the student so that there can be an opportunity for discussion and resolution of the problem.
15. Physical altercations, aggressive arguments, threats theft or intentional abuse of another person is grounds for immediate expulsion.
16. Please notify the school registrar immediately in writing of any changes of address or phone number.
17. Tuition payments or processing fees are to be made the first day of attendance of every week unless other arrangements have been made on the date of enrollment. The school is not permitted to have a student attend who is delinquent in tuition or processing fees. Students should get validated receipts for all monies paid to the school for tuitions. The student should verify they received proper credit against their month student status reports.
18. Any student discontinuing, transferring or completing training is requested to check with the school registrar so that appropriate records may be prepared.
19. Theft or Damage to Equipment – Students are required to maintain cleanliness and orderliness in the classrooms. Students who misappropriate or misuse any equipment or instructional devices may be subject to dismissal and may be billed for damaged or stolen equipment. Equipment mishaps must be reported immediately to the respective department.

Grounds for Disciplinary Action

1. Unsatisfactory academic performance,
2. Unsatisfactory attendance,
3. Frequent tardiness or leaving early,
4. Unprofessional behavior such as academic dishonesty and/or conduct that disrupts the learning process in the classroom or reflects unfavorably upon the school and/or its students. Consult the administrative office for additional information.

Disciplinary Procedure and Dismissal

All disciplinary matters will come before the Administration, which will review the written complaint, interview the parties involved, and make a determination of the action to be taken. This may result in the dismissal of the charge, probation, suspension for a particular length of time, dismissal of the student, or other appropriate action. Termination may also be the result of a student violating the following policies: 1) satisfactory academic progress, 2) attendance, 3) excess tardiness and/or 4) the student conduct and regulations policy.

Student Services

Job Placement

Job placement assistance is provided to graduates and students at no additional charge. Upon graduation, student's name is recorded in student registrar and the process of follow-up begins. When students take the licensing examination, it is recorded as a pass or fail. Students are encouraged to return for placement assistance by reviewing the listings of salons seeking employees and the requirements, salary, and other pertinent information. Students may be sent on interviews and may result in employment. The college assists students in placements as often as needed; however, the college does not guarantee employment to any student.

Student Records

The college maintains a file for each student who enrolls in the college for a period of 6 years from the student's date of completion or withdrawal. Student transcripts are scanned and saved indefinitely. These student files are kept in locked fireproof cabinets in a file room inside the school administrative office. Only authorized personnel have access to the file room. Student data are also entered into RGM school management system on a daily basis to back up students' information in electronic format. Student's file consists of admission records, academic records, and financial records as one file. Each student's file shall contain all of the following pertinent student records: (1) Written records and transcripts of any formal education or training, testing that are relevant to the student's qualification for admission to the college or the college's award of credit or acceptance of transfer credits such as: (A) Verification of high school completion or equivalency (GED, Home School) or successful completion of ability-to-benefit test; (B) Records documenting units of credits earned at other institutions that have been accepted and applied by the college as transfer credits; (2) Personal information regarding a student's age, gender and ethnicity if that information has been voluntarily supplied by the student; (3) Copies of all documents signed by the student, including contracts and instruments of indebtedness; (4) Records of the dates of enrollment and, if applicable, withdrawal from the college, leaves of absence and graduation; (5) A transcript showing all of the following: (A) The courses that were completed, or were attempted but not completed and dates of completion or withdrawal; (B) Credit for courses earned at other institutions; (C) The name, address, website address and telephone number of the institution. Notification of Right under FERPA^(The Family Educational Rights and Privacy Act)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office

Federal Student Aid (FSA)

Based on a combination of approvals, authorization, and accreditation, our students at Coastline Beauty College (CBC) are eligible to apply for and receive Federal PELL Grant (FPELL) while attending the college. FPELL is a gift from Federal Government for the students who qualify. Students do not need to pay back the FPELL.

FINANCIAL AID MECHANISM

Financial aid is a mechanism that reduces out-of-pocket costs that the student and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of college attendance. Financial aid includes grants and loans. Grants do not have to be repaid. **Loans usually have low interest rates that a student must repay in accordance to the individual loan program terms.** Most of the loans can be arranged to require payment after a grace period of several months upon graduation, or upon the student's termination from the program or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

If a student obtains a loan to pay for an educational program, the student will be responsible to repay the full amount of the loan plus interest, less amount of any refund, and that, if the student has received federal student aid funds, the student is entitled to a refund of the moneys not paid from federal student aid program funds.

*CBC currently does not participate nor offer any Federal Student Loans.

Deadline: You may apply during the enrollment process, using the FAFSA form. The school will provide you a letter listing the amount and types of financial aid you will be awarded, including the FSEOG award.

Maximum Annual Award: \$500.00

Disbursement: Made based on per payment period via a check payable to the student or via a direct credit to the student's tuition account. Priority for FSEOG funds will be given to students eligible for Pell Grant. This institution has a year-round enrollment. Therefore, funds will be awarded in a manner that funds would be available to students enrolling throughout the entire year. If SEOG funds are still available, a second priority will be given to Non-Pell recipient students with the lowest Expected Family contributions enrolled during the last three months.

*** If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If a student has received federal student financial aid funds, the student is entitled to a refund of the money's not paid from federal student financial aid funds. ** Coastline Beauty College does not participate in Federal student loan programs.**

DETERMINING NEED

The information you report on the FAFSA form when you apply for aid, is used in a formula established by U.S. Congress that calculated your Expected Family Contribution. The results will be provided in the form of an Electronic Student Aid Report (SAR) with the calculation of the Expected Family Contribution (EFC).

VERIFICATION OF INFORMATION

CBC is required by USDE to verify certain applications that are selected by Central Processing System (CPS). In rare instances, CBC's FAO may elect to verify the application to resolve any questions he/she may have regarding what has been reported on the FAFSA or other documents provided in the student's file.

Verification requirements are applicable only to FSA recipients.

CBC will request the student's/parents' federal income tax return of applicant who is selected for verification by USDE. The applicant must submit a copy of signed tax return(s) if filed in order to complete the verification requirement. The CPS matches the application data to several databases, including the National Student Loan Data System (NSLDS), to flag certain items. Items, which are questioned, must be resolved before disbursing funds to the student. When the USDE processes an application, it uses the applicant's social security number, name and date of birth to perform several edits with federal databases. Certain data match edit can result in comment code, or "C" code, that are indicated on the Institutional Student Information Record (ISIR) and must be researched and cleared prior to federal aid processing. If a "C" code is present on the ISIR, FAO will request documentation from the student to determine eligibility. CBC's FAO is required to resolve any conflicting information for an applicant. Conflicting information is not exempt from verification requirements.

CBC will not disburse FSA funds until the student has completed required verification. No interim disbursement will be made. The student will be advised completion of the verification process.
